

Be deliciously fashionable with Canderel

Canderel has teamed up with leading UK fashion designers, Giles, Matthew Williamson, Patrick Cox and Julien Macdonald to design you four gorgeous slim and chic tablet dispensers. Each pocket-sized dispenser is shaped to fit neatly into your handbag and is perfect for sweetening your cappuccino or Earl Grey as well as showing off your taste for fashion.

The four designs are available as a limited edition collection, presented in a contemporary wallet, exclusively at Harrods. The wallet collection, priced at £8.99, can be purchased throughout Ladies Fashion on floor one until 28th February. With proceeds to be donated to the Pink Ribbon Foundation. The individual designs will be available nationwide from March.
