

# 'Tis the season to indulge with Godiva.

**As an expert chocolatier, Godiva knows that there is nothing more rewarding during the Christmas season than a spot of pure indulgence.**

Which is why they've created the Exclusive Christmas Collection: two delicious new chocolates to be enjoyed over the festive period. Committed to producing luxury chocolates since 1926, Godiva has used its years of experience to create the perfect duo: Milk Feuilletine with milk chocolate shell and a soft praline and shortbread biscuit centre decorated with Christmas branches; and Dark Cinnamon Palet, a dark chocolate and cinnamon taste-sensation adorned with Christmas trees. These two tantalising chocolates are available in festive red and green boxes decorated with metallic paper inside.

For the ultimate in luxury, eye-catching limited edition ruby red boxes are available adorned with sparkling Swarovski crystals. And with 4 to 72 piece boxes, there's a size to suit your needs whether you're treating friends or gifting yourself. Synonymous with style and prestige the world over, you can trust Godiva Chocolatier to add a touch of luxury this Christmas.
