

Fiendish *fun and food*

Put the kids to bed early this Halloween and treat your friends to a monster bash!

Halloween is guaranteed to bring out the inner child in us all, so why not indulge in a ghoulish party to give you the perfect excuse to don that witch's hat and start carving out the pumpkins? The Halloween Shop at Asda is the perfect place to stock up on everything that you need to make your party go with a cackle – from slimy cocktails to spider webfairy lights, glowing pumpkin heads to flickering fabric flames, you are certain to evoke an atmosphere that is fit for a perfect fright night. For a sophisticated ghostly gathering serve Asda's Pumpkin Risotto (£2.48 for 400g) alongside a winter warming glass of Lindemans Cawarra Merlot to dazzle your friends with your culinary expertise. And for a sumptuous dessert stock up on Asda's Extra Special Espresso Dessert Cup – creamy coffee and chocolate mousse served in individual cups (£1.28 for two). Or for something out of the ordinary try Asda's new white pumpkins to whisk up a delicious cheesecake or a stack of cookies served with dollops of cream.

Whether you choose to host a Haunted House Party, a Monster Masquerade or a Devilish Dinner Party just dim the lights, put on the scary music and let Asda look after the rest, and with their 'Always Low Prices' guarantee you can buy enough treats to keep the werewolves from the door!
