EXCLUSIVITY DOESN'T HAVE TO COME AT A PRICE

And after 40 years as the innovators of home design, Habitat have proved it yet again.

Come and sample Manolo Blahnik's very own shoehorn design or imagine carrying a portable leather bureau as created by Kristin Scott Thomas or sit on a foldable director's chair styled by Ewan McGregor.

Any one of these designs could be living in your home making you happy every day.

So whatever you're doing, make time to be inspired at Habitat.
